The Proposal

One Adjective fall day in Year, Sara and Joe took their Adjective Animal Hayes for a Noun in the Location. Joe was acting kind of Adjective but Sara found his behavior to be quite Adjective and didn't suspect a thing. Joe finally found just the right spot to ask his Adjective girlfriend for her Part of Body in marriage. He tried to play it Adjective and acted like he needed to tie his Article of Clothing, so he got down on one Part of Body. Sara still had no idea what Joe was about to do. She thought it would be Adjective to push Joe over, then Adverb Joe pulls out the Noun and ask Sara " Quote Quote Quote Quote?" Sara was Verb - Past Participle and Quote said " Quote!"
