1. Adverb
2. Auto

The hurtful horse

Once there was a big rock and a horse next to it and the horse was just laying there sleeping.the horse woke up with a broken leg but never died it was really hurting him and he could never get up and he had no phone or anything to contact somebody to get him.so Adverb he slept near the rock until he heard someone coming through the forest.then there was a person hunting in the forest for animals and the guy was like what is that animal on the ground and the horse is like nay so the guy heard the horse and said I will come and safe Auto. So the guy came and said there"said leg on the ground and it might of got shot. There was 6 nights before the battle and the horse was in it and th guy relied that the horse was a wild one of the person that fights.
