kid named Cooper walked into a classroom and sat down and did his work. His handwriting was so fabulous that it made his teacher do a happy dance. He worked hard at Math. He could add and subtract and even do word problems. He wrote very creative stories and when he read them to the class they all laughed and smiled. Cooper also enjoyed playing games and particpating in sports. He was a good friend, knew how to take turns, was a good sport and was always willing to help a friend in need. Keep up the great work!!!
