English Class

In _____Month_____ everyone in class learned to _____Verb - Base Form_____ _____Adverb_____ and _____Adverb_____ from a prompt. Beginning in _____Month_____ we started _____Verb - Present ends in ING_____ for NANOWRIMO which would start in _____Month_____. In _____Month_____ and _____Month_____ everyone wrote _____Noun - Plural_____. These were the _____Adjective - Ends in EST_____ piece most students had ever written. Every _____Noun_____ turned out _____Adjective_____ and everyone finished and bound a book. Some decided to _____Verb - Base Form_____ over _____season_____ break. In _____Month_____ each _____Noun_____ chose a biography to read. Each week there were _____Noun_____ to complete and _____Noun - Plural_____ to read. At the end of _____Number_____ weeks everyone started to work on creating a _____Adjective_____ presentation to share with the _____Noun_____. Everyone chose a date to present and everyone presented on time. Every presentation was excellent and everyone did a great job creating key word outlines. When we came back from _____season_____ break we started a unit on report writing. No one liked it but most tried pretty hard. We finished the year with poetry. Some poems were easy to write, others, like the narrative poem, were really hard to write. At the end of the unit there was a quiz. Some students did an excellent job, some failed it terribly. We're not all good at taking multiple choice vocabulary tests but those who did poorly on the vocabulary did great writing the poems at the end. This has been a busy year!
