12. Verb - Base Form

A Day in Castilleja

Castilleja is an Adjective camp. There are Number periods when I can do some Adjective things and learn some important facts. At lunch, we eat some Adjective food like tacos and Noun, but before that we have a crazy session of All-Camp. After lunch, we read some funny Noun with the Adjective counselors. Then we go to our next Adjective periods. Some of the periods are Noun, and some are cooking. In one sporty period, we slip and Adjective around in the pool! After all our periods, we have a Adjective session of free-time. We can play Verb - Base Form, swim, or make lanyards! Castilleja is so much fun, and I can't wait to come back next summer!
