# Sawtooth Mountains

I love hiking in the \_\_\_\_\_ Mountains. You should always take food and water with you on a hike.

It is \_\_\_\_\_ to wear good hiking boots, and carry a comfortable backpack. You always need to make

sure you are cautious while hiking, as you could get attacked by a hungry \_\_\_\_\_ or mountain lion. The

\_\_\_\_\_ can be ferocious, especially in winter. If you get lost, you could die on the mountain. Be

\_\_\_\_\_ to start a fire to keep \_\_\_\_\_ if you get stranded overnight!
