# A Birthday Surprise!

Anna awoke slowly and sleepily the eve of her 20th Birthday. It was a long awaited day as she always enjoyed the comfort of the love of her family and friends on her warm August day. She untangled her \_\_\_\_\_  
-Like hair from her gifted \_\_\_\_\_ and awoke to find her room filled with \_\_\_\_\_,  
\_\_\_\_\_ and \_\_\_\_\_...Wait! \_\_\_\_\_ ! No, not \_\_\_\_\_, pictures  
of \_\_\_\_\_ yes, meows and other \_\_\_\_\_ evoking words and phrases. She laughed  
recalling her fun yet less intense \_\_\_\_\_ attack on her friend Amber. She made her way through  
the \_\_\_\_\_ and went into the bathroom to put on her some \_\_\_\_\_ to look extra nice for Kurt  
later on. She left early for her discounted birthday Starbucks filling her new purple \_\_\_\_\_. She had  
planed on spending most of the day with her mom. They were both unique and \_\_\_\_\_ and were going  
to do some creative DIY projects. While she waited for her mom to get ready which she knew might take a while  
so she grabbed a new \_\_\_\_\_ to enjoy. She and her mom ended making colorful \_\_\_\_\_ most of  
the morning. When the afternoon rolled around she was getting ready to spend her evening with her long time  
boyfriend Kurt. As she was preparing for her night she couldn't help but reflect on how happy she was, not just  
on today, her birthday, but with her good and wonderful life. She thought on her lovely friends and very kind  
boyfriend, a good man with a heart that was all hers, and all the dreams which had already come true and  
couldn't help but think of a quote from her favorite Disney Princess of the \_\_\_\_\_. She smiled full of  
pure joy and contentment and watched Kurt enter the family home. Her parents and Kurt treated her like the  
most beloved Princess with gifts, and smiles and hugs of warmth, and thought birthday \_\_\_\_\_.  
When

it came time for cake, candles, and wishes; the awkward, yet cute offkey singing ended.

"Make a Wish!" Her Dad exclaimed excitedly.

She smiled the most bliss filled expression she'd ever held, thinking to herself

"My wish is that I remember the love in this moment and that each person in my life knows how loved and important they are." She closed her eyes for a pause, then opened them again blowing out the glittering halos above her beautiful cake. She knew truly in that moment what it felt like to know you are loved.
