Seventh-Grade Love (Part Two)

As soon as _____ Main boy name and _____ Main girl name jumped into the water, the biggest water fight of the century began. _____ Main boy name flipped a small tidal wave at _____ Main girl name, who screamed and dodged. _____ Main boy name grinned at his victory, but his smile froze in place and was replaced by a loud cry, followed by laughter, when _____ Main girl name pushed him into the water.

_____ Main girl name could never imagine anything better than what she was doing right now with _____ Main boy name. And, her worries about _____ Main boy name liking _____ Main girl name faded away. _____ Main boy name, so far, never looked anywhere near _____ Main girl name since the party started!

Suddenly, _____ Main girl name noticed that _____ Main boy name was gone. Where was he?

_____ Main girl name realized one second too late. She was ambushed! _____ Main boy name went under the water, and pulled _____ Main girl name down underwater by her legs - not even leaving _____ Main girl name time to take a breath, or scream!

_____ Main girl name tried to tackle _____ Main boy name, but it was impossible to do so underwater, and her legs felt warm and gooey all over, especially where _____ Main boy name had touched her.

When

_____ Main girl name _____ and _____ Main boy name _____ broke through the water surface, they were laughing more than they had ever laughed in their lives. "This is just amazing," _____ Main girl name _____ said between breaths. "I want to do this all night!"

"Yeah, and we can live here or something, and feed on seafood," _____ Main boy name _____ agreed.

Suddenly, _____ Main girl name _____ realized that his cheeks were red. When _____ Main girl name _____ reached up to feel her own, they were burning, too, despite the cold water and the cool breeze brushing against their faces.

"Let's go into the deeper area," _____ Main boy name _____ suggested, smiling at _____ Main girl name _____.

_____ Main girl name _____ nodded, but she was more focused on his smile. _____ Main boy name _____ looked much more cuter!

They paddled to a slightly deeper area but, surprisingly, it was much calmer and quiet than the shore. Boy, was it beautiful! The sea was sparkling. Literally, sparkling! And it seemed...purple? So did the sky! The stars twinkled, and the sound of the gentle lapping waves accompanied them. _____ Main girl name _____ had to pinch herself to know whether it was a dream or not. It looked the slightest bit misty, and it was the most beautiful sight that _____ Main girl name _____ had ever seen. And it was a little romantic, too...

"You know," Main boy name admitted, "I don't feel much like splashing around here anymore. We should find a rock and just sit here and watch the scenery. Y'know?"

Main girl name felt her cheeks heating up again. She felt a strong surge of energy to tell Main boy name how she felt, because she was nearly one-hundred percent confident, then. Confident that the one Main boy name liked was her.

They found a nice, smooth rock, and they watched the scenery for a bit.

"You know," Main boy name started to say again, "I...I don't think I'd be feeling what I'm feeling right now if I came here with Random boy name or Another random boy name instead of you. Maybe...maybe...never mind. You know."

Main girl name DID know. She knew what James was feeling.

It was the same feeling she had for Main boy name.

The gentle breeze brushed past Main girl name with s at the end cheeks gently.

Suddenly,

_____ Main girl name _____ saw something glimmer under the rocks. She cautiously reached towards it, and took it out.

It was the most beautiful shell she had ever seen! It was of all different shades of _____ Favourite colour _____, and it had a sort of swirling pattern on it. _____ Main girl name _____ gasped.

"It's so beautiful!" she whispered. "_____ Main boy name _____, hurry up and look at this!"

Suddenly, an arm was wrapped around _____ Main girl name with s at the end _____ shoulders. It was _____ Main boy name _____.

His other hand held onto _____ Main girl name with s at the end _____ chin, and _____ Main girl name _____ was sure her heart skipped two beats when _____ Main boy name _____ pulled her close, and kissed her.

_____ Main girl name _____ was surprised. _____ Main boy name with s at the end _____ lips were soft and warm, and he tasted like _____ Favourite food or drink _____.

_____ Main girl name _____ dropped the seashell. She heard the faint splash as it dropped into the water, sinking to the bottom. But she didn't care. All she cared about right now was..._____ Main boy name _____.

As she was about to shut her eyes, _____ Main boy name _____ pulled away from her.

"I'm...I'm really sorry!" he said, gasping. "I just...had to do that!"

Main girl name smiled gently. "If you didn't do it," she said softly, "I would have done it, anyway."

Main boy name was surprised. "So...that means you like me too?"

"No doubt," Main girl name nodded, smiling.

This time, it was Main girl name who leant in. As her lips touched Main boy name with s at the end, she parted her lips gently, and she put one hand behind Main boy name with s at the end head, and the other on the line of his jawbone. She was floating. High up above planet earth, amongst the beautiful, twinkling stars like thousands of Christmas lights.

How she wished that feeling would stay with her forever.

And it did.
