# How to make amazing blueberry muffins

This Adjective recipe was passed down from my family member - sister grandmother dad etc to my family member - sister grandmother dad etc in the early plural year - fiftys sixties eighties etc!

First, you need to wash your plural body part. Nothing is more Adjective than a dirty set of plural body part. Soak about Number cups of fresh plural food in a large material - wooden metal glass Noun. Wait Number amount of time - days years seconds etc and drain them.

Combine them with 2 Noun - Plural of frozen color plural fruit, juice from a vegetable, Number cups of all-purpose plural food, 3 Noun - Plural of color sugar, a pinch of spice and a sprinkle of liquid. Throw in a Noun for an extra verb or glaze with liquid. Pop it in the Noun at Number degrees and let it verb for roughly 20 amount of time - days years seconds etc. When finished, add powdered vegetable or flavor - vanilla - bacon etc to taste. Perfectly Adjective on the outside and Adjective on the inside! It makes Number muffins. Hope you like love dislike enjoy etc the Adjective taste of my all - Adjective dessert!
