Back to School

| was the last day of summer and I couldn't wait to see all my friends again |
|--|
| . Most of them I haven't even talked to for the whole months! I gathered my Noun - Plural |
| and placed them neatly in my new bag and brought extra just in case. I |
| wore my new color plural clothing with material type - metal - wool - carpet etc jeans and a |
| button-down single piece of clothing which is the going trend these days, I looked |
| |
| |
| are the "dorks of Saint as they're called because they only hang out together and |
| basically have no Noun-Plural. There is also a group of girls or boys who are always seen sitting |
| by the <u>Noun - Plural</u> and only wear <u>color</u> including <u>same color as last</u> make-up, they never |
| ! The jocks are friendly but they are also and usually stick to throwing |
| Noun - Plural in the air and running up and down plural thing of nature - leaves mountains hills etc. The teachers |
| this year are very Adjective, Mr. word that rhymes with gooner got Adjective and is sporting a |
| new " vegetable cut " with his hair which used to be long, past his plural body part . school |
| subject teacher Mrs. Noun got a single body part job which makes her face verb. All- |
| in-all it's going to be a year because I got all my classes, I sit next to my crush |
| who gives me that look with his plural body part where he |
| closes them half-way and then lural verb I that! I'm also on the verb plus ING |
| team which is exciting! Hope you have a back-to-school year too! |
