My Dog Spot!

I have a really Adjective dog named Spot! He is Number years old and is really Adjective.

He can do many tricks, like shake his single body part, roll direction - down up sideways below etc, verb, verb the Noun, speak and lay direction - down up sideways below etc on command. He is a part breed of dog part Animal. He's mainly color but has color socks and a cute Noun shaped spot on his single body part...that's why I named him Spot! Sometimes I like to dress him up in a single piece of clothing, single piece of clothing or plural clothing, especially in the season. One time, my dog saved someone's family member - grandpa uncle sister etc from verb plus ING. I awarded him with Noun - Plural for that one! He also goes to occupation plus ING - gardening banking etc homes to cheer up old or young people, he's sort of a therapy dog because he makes people emotion! He really likes to go verb plus ING and verb with me every morning without his Noun. He is definitely something Adjective!
