Ugh, so bummed. This day has been a disaster, absolutely nothing could have made it better. Started my day WITHOUT a _____Store_____ in _____Body Part_____, totally bombed a math test, and lost a volleyball game. I also broke up my boyfriend, lost my car keys, accidentally threw away my phone, AND there was nothing good for lunch. Seriously, can Tuesday's get any WORSE???? I hope everyone else had a much better day than I did.
