Vocaloid Rotten Heresy and Chocolate

What I'm about to say here will stay here,

but the A person with a job and A young person A from the Room next door are,

you see, doing something they shouldn't, something immoral.

Well, I guess now the Noun has finally freed itself from its Noun.

It's supposed to be a Adjective secret chained Adjective deep underground,

but now it's Verb - Present ends in ING stark-naked in front of the Shibuya station.

"Let me join the Noun!" "Let me join the Verb - Base Form!"

As the A child hood game game is played generation after generation,

the Noun is passed here, there, and everywhere,

and now it goes something like this: "Random noise. Random noise, Random noise."

A person is hogging gluttonously in the most Adjective manner

the gossips and news already smeared with A person saliva.

They Adverb become ADDICTED to sobbing,

and then become bound by some Adjective gossips.

I'll

_____ Verb - Base Form some sweet sweet _____ Noun, some _____ Adjective, some _____ Adjective. Ah...

Who cares if it's _____ Adjective or not? It's delicious and _____ Verb - Past Tense with additives.

Flimsy sweet talks are too fake; juicy rumors are more real to me.

You think so, too? Of course I also think so.

How simple-minded, huh?

What I'm about to _____ Verb - Base Form is a _____ Noun,

but that extremely popular _____ A person, and that handsome _____ A person,

as well as all of us who are pretending to be crazed over them,

are all going " _____ Random noise. _____ Random noise, _____ Random noise!"

Inside my _____ Body part,

my self-interest and envy are boiling and swirling.

I'd do things like _____ Verb - Present ends in ING for a place to play my trump card,

or smiling while holding a _____ Noun in my bosom.

When an _____ Noun wrapper is unfolded, people will surely crowd there as expected.

Behind the scenes, someone will secretly be pouring _____ Color _____ Noun.

I'll

just answer to the majority's needs, and Verb - Base Form to them what they all want.

You do that, too? Of course I also do that.

For example, if that XXXX's XXXXX turns out

to be XXXX actually, then

that's already XXXX, and XXX is XXXXX!!

What will you fill into the grooves Verb - Past Tense out by the worms?

I'll make an exception and let you take a grip of my Noun grown out of guilt.

I won't look at THAT since I can Verb - Base Form it. I want to see THAT since I can't Verb - Base

Form it.

Riddle me this now! What is "THAT"?

"I have no Noun!"

I'll lick some Adjective Adjective chocolate, some real, some fake. Random noise...

Who cares if it's real or not? It's Adjective and filled with Noun - Plural.

When an aluminum wrapper is unfolded, Noun - Plural will surely crowd there as expected.

Behind

the scenes, _____ A person will secretly be pouring _____ Color rain.

Flimsy _____ Adjective talks are too fake; _____ Adjective rumors are more real to me.

You think so, too? Of course I also think so.

Oh, somehow I don't _____ Verb - Base Form this.
