Founder Story

Delta Alpha Chapter was founded in 1998 by Mark, Tom and Jonah in an effort to bring a new social outlet to an otherwise highly Adjective campus. The three met by chance as freshman living in Location.

Mark and Tom were roommates on Sol Number the location of all efforts to start the chapter. Jonah lived on Sol 9 and difficulties with his Noun led him to spend the majority of his time on the fourth floor with Mark and Tom who he was introduced to on move in day. In 1998 the university was predominantly male with very limited interaction between colleges and almost no social Noun - Plural. The three started looking at professional fraternities as an option to bridge the multiple disciplines of the university and to allow for a Adjective environment. Similar groups were non existent on the majority male campus. After not being able to find a professional fraternity that was open to multiple professions (Mark and Tom were studying College Major while Jonah was studying College Major) the three stumbled upon the Alpha Rho Chapter's website and decided to pursue bringing Phi Sigma Pi to RIT.
