

Applicable priority pollutant objectives

1. Noun - Plural

Applicable priority pollutant objectives

Federal water quality criteria and State water quality

objectives for [Noun - Plural noun] have been established for

[adjective] waters of California by the U.S. EPA and some RWQCBs, respectively. Federal priority pollutant criteria have been promulgated by the [Business or organization name] in the 1992 NTR (amended in 1995) and in the 2000 CTR. For [geographical location], the criteria in the [noun] supplement the criteria in the [noun].

State priority [noun] objectives are contained in RWQCB [plural noun].
