# Master Chef

Once upon a time, there was a girl named, First Name of a Person who really wanted to become a Master Chef. She loved cooking breakfast and lunch for her family and figured it would be Adjective to compete with other Noun - Plural. Once she got there, she was told to make her Adjective dish using the following ingredients: crab, Noun, Noun, Noun, Noun, and saffron. Of course she decided to make paella, a wonderful Spanish Noun. As she cut up the Noun - Plural, she cut her Part of Body on the knife and started bleeding all over the Noun. Since she couldn't use any of her ingredients, she had to start her dish over with only Number minutes left! She was able to work Adverb and get her dish done just before the buzzer went off.
