2. Adjective _____

Daily routine

Every morning I wake up _____Adjective_____ and early at 7o'clock. I take a moment to think about the _____Adjective_____ day ahead and then eventually rise. I slowly walk to the restroom. I remove my slippers and sleepily step into the shower. After bathing I squirt toothpaste onto my toothbrush and begin brushing my teeth in a very mechanic fashion as I do every morning. I open my closet and contemplate for what seems like hours on what I will wear. I pick out my outfit and get dressed around 7:15am. By 7:30am I sit down in the dinning room and eat my bowl of cereal. By 8am I quickly walk out the door. I start my car and drive to work. I usually get to work at 8:15am. I frequently get off work early and dart to the gym at 6pm.
