Peer Pressure

Throughout the day we make lots of choices about Noun. Lots of my friends shop at American Eagle.

Sometime the all wear the same Noun with their logo on it. When I wear something original or different

I get "The Look" it means 'we're Adjective and you're not.

Belonging to a Verb - 3rd Person Singular Present is important. When I disagree with my group of friends some

people say they Modal be my friend anymore.

If my friends decided to all drink Coordinating conjunction or do Pronoun I would feel upset.

Sometimes people Verb or call names to a person who sticks up for themselves.

Having good Modal will help me make Noun - Plural decisions.

On the weekends some of my friends get together and play soccer. I go even if I feel Adjective,

exercising and seeing my teammates makes my day Adverb - Comparative.

I know their are always people who are going to want to Pronoun me into Preposition or subordinating

conjunction that I don't agree with.

Hopefully knowing Adjective from Verb - Present Tense and having good supportive friends will

make peer pressure easier to deal with.
