The AccuLinkians

Once upon a Noun there in the Adjective land of AccuLink, there was a group of elves who worked very very hard to make sure the LookUp department ran Adverb. They worked Adverb at Bell Proper Noun and Bell West, MNP and BP, SJDL and Rogers Communications. Day and night, the LookUps toiled with enthusiasm, ensuring the Noun of all around them. They made sure to send the Noun - Plural with Underground in the Noun area, whether it was FUG or RUG, or UG in private . They made sure to clear the Noun - Plural that were all Aerial, or where there would be no impact to infrastructure. Day in and day out, Noun after Noun, the Adjective little Noun - Plural worked at saving lives.
