Bowling

First you take a Adjective step back and Verb - Base Form your bowling Noun on to the aisle, but aim for the Noun - Plural. If it's a Adjective Verb - Base Form you'll get a gutter ball if it's a good Verb - Base Form you might get a strike! I you do yell sound! If you don't you still have another chance to knock down all the Noun which would be called a strike! Even if you don't you still have more turns. But in the end it"s all just a Adjective game
