Happy Birthday Dallas

On January 19, 1984 a new Adjective boy was born into this world. He was a good baby that had lots of Noun diapers. He grew up as the youngest in his family. He loved to read books, Verb, and go to school. Once he won a prize for a drawing a picture of a(n) Noun.

Dallas is now 30 years old, but he still looks like he's 19. He really wants to have some Adjective hair by now, but he'll have to wait.
