

Snowman

1. Verb - Past Tense

Snowman

Once upon a time, a boy _____ a snowman. First, he rolled out the bottom. Next he rolled the middle and placed it on top of the bottom. Finally, he rolled out the head and put this on top of the middle. He added to rocks for eyes, a carrot nose and used beauty bark for the mouth. He placed his sister's blue and red scarf around its neck and put his mom's red beret on top of his head. He stood back and admired his work. He had to admit that it was the best snowman he had ever created!
