Though standardized _____Noun - Plural_____ are usually grounded in traditional and expected readings, the classroom library is a place where the radical ideals of critical pedagogy can exist without as much outcry. Many teachers use personal libraries to compile Young Adult literature, which is often only considered as an independent _____Noun_____ option and not an option for _____Noun_____ readings. In the _____Noun_____ of trans* representation, offering YA texts featuring transgender characters is a subtle way to present didactic resources about the oppressed without provoking protest from those who fear dogmatic liberal _____Noun_____. Easy access to trans* inclusive texts would benefit trans* youth and their cisgender peers by acting as a mirror for those who rarely see themselves represented in media and a window for those with _____Adjective_____ understanding of gender diversity. Reading stories told from a relatable, relevant point of view
