Slutty Girl

Hi, my name is your name. I am two digit number years old. I first slept with a guy when i was one digit number. I slept with over three digit number men! I smoke weed, drink alcohol, and steal. My mom says if i dont stop shes gonna verb me. I got suspended over three digit number times! I am so determined to have a baby. No ones gonna stop me! When I get bored and I have no boy to sleep with, I go sleep with girls! Tonight im going over my friend boys name house to have a threesome with him and different boys name. I can't wait! I love being me, and no one can stop what I like to do! When I get older, I plan to be on "16 & Pregnant". If you have a problem with me, I'll go right up to you and punch you in the body part! Don't mess with me. That's about my life.
