In my younger and more \_\_\_\_\_ Adjective years my \_\_\_\_\_ Noun gave

me some advice that I've been \_\_\_\_\_ Verb - Present ends in ING over in my mind ever

since.

"Whenever you feel like \_\_\_\_\_ Verb - Present ends in ING any one," he told me,

"just remember that all the \_\_\_\_\_ Noun in this world haven't had

the \_\_\_\_\_ Noun - Plural that you've had."

He didn't say any more, but we've always been unusually

\_\_\_\_\_ Adjective in a reserved way, and I understood that he

meant a great deal more than that. In consequence, I'm

\_\_\_\_\_ Verb

to reserve all Noun - Plural, a habit that has opened up

many Adjective natures to me and also made me the Noun of

not a few veteran bores. The abnormal Noun is Adjective to detect

and attach itself to this quality when it appears in a normal

Pronoun, and so it came about that in Noun I was unjustly

Verb - Past Tense of being a Noun, because I was privy to the secret

griefs of Adjective, Adjective men. Most of the confidences were

unsought--frequently I have feigned Noun, preoccupation, or

a hostile levity when I realized by some unmistakable Noun that

an Adjective revelation was quivering on the horizon; for the

intimate revelations of young men, or at least the terms in

which they express them, are usually Adjective and marred

by Adjective suppressions. Reserving judgments is a matter of

infinite Noun. I am still a little afraid of Verb - Present Tense something if

I forget that, as my father snobbishly suggested, and I snobbishly

repeat, a sense of the fundamental decencies is parcelled

out unequally at birth.
