The Farmer

Farmers work very hard planting wheat and Plural noun. They begin by plowing their Noun and if they son't have a tractor they use Plural noun. Then they plant Adjective seeds and by the next fall they have many acres of Plural noun. Tomatoes are harder to raise. They grow on Adjective bushes and the farmer sprays Liquid to keep the bugs off. The easiest things to grow are green Plural noun but the farmer must be very careful to make sure worms don't get into his Noun.

Farmers also raise onions,cabbages,lettuce,and Plural noun. But no matter what they grow,farmers really lead a/an Adjective life.
