Though I myself am _____Privileged group_____ and not a member of this _____Complimentary adjective_____ group, I am able to speak for them without this being problematic in any way because I read an article about them in _____Place to get information_____. Also, I know what their struggle is like, since I am /one _____Number between eleven and twenty_____ _____Minority group_____ on my _____Type of relative_____ 's side.

Stop _____Adjective_____ -ing this group with your ignorance! Stop _____Adjective_____ -ing the safe space of us allies , who suffer just as much as this group does, if not more, because we risk our privilege to defend them!
