# A Letter Written by a Lonely Extraterrestrial

Dear First Name of a Person Last Name,

I am writing to you from the planet Another Last Name because I saw your picture on the electronic

type of appliance and think that you are very Adjective. You have the five prettiest part of

the body plural I have ever seen. And your NOUN is out of this galaxy. I certainly hope that you are looking to

start a/an Adjective relationship. If you are, and if you aren't a/an occupation then I would like

you to be my occupation. If you read this and your answer is exclamation, then I will contact your

Father Science Fiction or Fantasy Villain and formally ask for your Part of Body. My Adjective

father tells me that two can live as Adverb as one, so we can afford to buy a little condo in

Location and settle down and raise some sweet little Noun - Plural. Please Verb - Base Form

to me right away and send a photograph.
