My Friend's Girlfriend

Mom's always saying that friends will come and go but family is forever. Well, if thats true, I could be in for a tough ride. I mean I love my family and all, but I'm just not sure we're supposed to LIVE together. Maybe it will be better, when we are all in different houses and only see each other on holidays.

I'm suprised Mom's always pushing the "family" message, since she and her sisters don't really get along. Maybe she thinks if she keeps repeating it to me and my brothers so we won't turn out like that.

I think Mom is just trying to make me feel better about my situation with _____Your friends name_____ anyway. **Repeat Last** Your friends name_____ and I have been best friends ever since he mived into my neighberhood. But things have really changed between us recently. And its because of a GIRL.

Believe me, the last person I though would get a girlfriend was **Repeat Last** Your friends name . I guess i've got to give some credut to **Repeat Last** Your friends name for finding a girl who actually likes him. But I dont have to be HAPPY about it. Back in the old days, it was just me and **Repeat Last** Your friends name , and we hung out and did whatever we wanted. If we felt like blowing bubbles in our _____flavour_____ _____drinking liquid_____, thats exactly what we did. But now there's a girl in the picture thing are TOTALLY different.

"Thats's _____Adjective_____!" She sais whenever we blow bubbles in our **Repeat Last** drinking liquid again.

Wherever

Repeat Last Your friends name is, his girlfriend A girl in your class is too. And if she isn't there it SEEMS like she is. I invited Repeat Last Your friends name to my house a sleepover last weekend so the 2 of us could get along. But after Number hours, Repeat Last Your friends name called Repeat Last A girl in your class and they were talking all night. And when the number two of them are in the same place its even WORSE.

Repeat Last A girl in your class has been sitting on our lunch table, ever since she started dating Repeat Last Your friends name, and our table is all boys. I already mentioned how she's not a fan of the Repeat Last flavour Repeat Last drinking liquid bubble blowing thing, but theres other stuff she dosent like. One of them is the Five-Second Rule. All the guys at our table agree that if you drop your food and as long as you pick it up within 5 seconds its ok to eat.

A new twist someone came up with is that you can grab a piece of food and eat it it, even if your not the one who ACTUALLY dropped it. Ive lost two flavour plural food because of that. This new rule has caused a lot of problems for us lately. Another friend ate a piece of ham that he thought Another friend had dropped. It was actually dropped yesterday because I realised that he was going green of sickness.
