eStatements

Once there was a member from the _____ Adjective _____ town of Yakima. As a member the _____ Adjective _____ CALCOE, she was informed of eStatement by a MSR. The MSR stated the features that eStatements are electronic statements stored in HomeBanking, with 18 months' worth of history and only one sign-on needed for eStatements, HomeBanking and EasyPay online bill payer. Sallie Sue said in return, "Why would I care?".

_____ Adjective _____ question, the CALCOE employee replied.

1. With eStatements stored electronically, _____ Benefits of electronically stored eStatements _____ statements won't be clutter around the house.
2. Being "sent" online, statements won't get lost or stolen in the mail so its _____ Benefit of statements not getting lost or _____ stolen _____ way less you have to worry about identity theft that can greatly impact your life.
3. Having eStatements on HomeBanking is _____ Benefit of having eStatements in HomeBanking _____! You can check account balances, pay bills and check your statement all in one place.
4. Plus, eStatements arrive usually 5-7 days before mailed statements, _____ Benefit of having eStatements arrive faster than _____ mailed _____ you can verify your transactions faster to potentially catch fraud!

With the benefits laid out, it was clear Sallie Sue would be would be a _____ Adverb _____ choice to go without eStatements.

After Sallie Sue left, the MSR spoke to her co-worker, "eStatements helps CALCOE save money by not paying for paper and postage which helps us pay higher dividends and lower loan rates to members and helps the environment!" Her co-worker agreed.
