2. Noun

Best film ever

My favourite film is "Dispicable Me 2". It's about a dad. His name is Gru and he's an ex-villain. He has three

adopted daughters Agnes, Edith and Margo. And a spy agency wants to cooperate with him so they send an

agent Wilde to get Gru. So he makes some _____Adjective_____ weapons and fights a plague of evil and as usual the

good guys win and the main hero falls in love gets married with agent Wilde.

I liked the ____Noun____ because it was my favourite type of movies animated films. It's good too because

there's Steve Carrel dubbing in it. I don't like one thing in it ... it's a love story.

"Dispicable Me 2" is awsome and it is good to watch for everyone and its the best film I watched so far.
