The ballerina

One day there was a Noun who went to Adjective class for the next Number hours. She had never done Noun before but had taken everything else since she was Number . When she walked into the Noun everyone was so good, but she hadn't even known what a Verb - Base Form is. When her Noun gave them a Verb - Base Form on the Noun she didn't even know what to do. A few months later her teacher offered her to go on Noun . At this point, the she was so good at Verb - Base Form because of her hard work and dedication. It only took about Number months for her to go in Noun , her Noun since day one. She shows that you can do anything you want if you Verb - Base Form towards it.
