Crazyness

So i was walking to school I was late because of my little Noun sister. When all of a sudden she pushed into the lake but it wasn't a usual lake it had a school in it, not a school of fish but an under water school. I never knew Lake Superior was a school lake i mean i had heard of them because my Noun is a Noun teacher. My Noun on the other hand is down right a Noun Genius but i did not get my parents Genes combined but I got my ancestors and parents Genes all combined. My dad created a Noun under a lake in Michigan I don't know where but I think its this one. So back to the story I walked to the so called " school" and saw My mom teaching math to..to.. Proper Noun !!Equations and Variables, Prime Numbers and Composite Numbers.

Down the hall I heard my Noun voice the Miss. Largo's Voice (My mom's Adverb friend) who is a Language arts and Reading teacher. But it wasn't her usual voice tone that was Verb - Present Tense me out it was that everyone of the classrooms had my Mom's or Dads best friends or colleagues. Also my Little Proper Noun Sister was talking about Mom and Dad teaching Noun then pushing me in the water and saying at the same time "Go see for your self if you don't believe me"
