# Paulie Paul and the Rocketeers

There once was a           Noun           named Paulie           Proper Noun           and teh           Noun - Plural          . The band was made up of           Number           members. The lead singer was named           Proper Noun                     Proper Noun          . The band's major           Noun           is cloudy out under the apple tree. One day while           Verb - Present Tense          , the band's           Noun           crashed. Fortunately, everyone           Verb - Past Participle           and decided to           Verb           the epic teen sensation "One Direction"
