How to make cookies

Ingredients:

You will need:

milk

flour

eggs

icing sugar

butter

chocolate

Step one:

Preposition the butter into the bowl along with 5 grams of flour and edible chunks of chocolate into your dough and carry on mixing. then gently mix them together using a wooden spoon.

Gradually add the milk a few milliliters at a time. When the mixture is nice and moist, create a well with your fingers and crack 2 eggs into the well. Then carry on mixing until you get a doughy-like texture.

Step two: Roughly sprinkle a handful of flower over your counter/chopping board then place the dough onto the flour covered surface. Knead the dough until it becomes smooth. When you are done, get some cookie cutters and cute your cookies into shapes, place these on a baking tray when done.

Step 3: At 32 degrees (gas mark 4) put your cookies into the oven for 20 minutes.

Step 4: Take your cookies out of the oven and place on a cooling rack until cool.

Now Place your cookies on a plate and enjoy!
