The Famousest of Hobbits

'Yes, that's so,' said Sam. `And we shouldn't be here at all, if we'd known more about it before we started. But I suppose it's often that way. The _____Adjective_____ things in the _____Adjective_____ tales and songs, Mr. Frodo: _____Noun - Plural_____, as I used to call them. I used to think that they were things the _____Adjective_____ _____Noun - Plural_____ of the stories went out and _____Verb - Past Tense_____ for, because they wanted them, because they were _____Adjective_____ and life was a bit _____Adjective_____, a kind of a _____Noun_____, as you might _____Verb - Base Form_____. But that's not the way of it with the tales that really mattered, or the ones that stay in the _____Noun_____. Folk seem to have been just _____Verb - Past Participle_____ in them, usually - their _____Noun - Plural_____ were laid that way, as you put it. But I expect they had lots of chances, like us, of _____Verb - Present ends in ING_____ back, only they didn't. And if they had, we shouldn't know, because they'd have been _____Verb - Past Tense_____. We hear about those as just _____Verb - Past Tense_____ on - and not all to a _____Adjective_____ end, mind you; at least not _____ to what folk inside a story and not outside it call a **Repeat Last** Adjective end. You know, _____Verb - Present ends in ING_____ home, and finding things all right, though not quite the same - like _____Adjective_____ Mr _____First Name of a Person_____. But those aren't always the _____Adjective_____ tales to hear, though they may be the **Repeat Last** Adjective tales to get landed in! I wonder what sort of a tale we've _____Verb - Past Tense_____ into? '

`I wonder,' said Frodo. 'But I don't _____Verb - Past Tense_____. And that's the way of a _____Adjective_____ tale. Take any one that you're _____Adjective_____ of. You may know, or guess, what kind of a tale it is, _____Adjective_____ ending or _____Adjective_____ending , but the _____Noun - Plural_____ in it don't know. And you don't want them to.'

'No, _____Honorific_____, of course not. _____First Name of a Person_____ now, he never thought he was going to get that _____Jewel_____ from the _____Adjective_____ Crown in _____Place_____, and yet he did, and that was a worse _____Noun_____ and a _____Adjective_____ danger than ours. But that's a _____Adjective_____ tale, of course, and goes on past the _____Noun_____ and into _____Noun_____ and beyond it - and the _____Jewel_____ went on and came to _____Name_____. And why, _____Honorific_____, I never thought of that before! We've got - you've got some of the _____Noun_____ of it in that star-glass that the _____Honorific_____ gave you! Why, to think of it, we're in the same tale still! It's going on. Don't the _____Adjective_____ tales never end? '

'No, they never end as tales,' said Frodo. `But the _____Noun - Plural_____ in them _____Verb - Base Form_____, and _____Verb - Base Form_____ when their part's ended. Our part will end _____Adverb_____ - or _____Adverb_____.'

'And then we can have some _____Noun_____ and some _____Noun_____,' said Sam. He laughed _____Adverb_____.

'And I mean just that, Mr. Frodo. I mean plain ordinary **Repeat Last** Noun , and **Repeat Last** Noun , and waking up to a morning's work in the _____Noun_____. I'm afraid that's all I'm hoping for all the time. All the big _____Adjective_____ plans are not for my sort. Still, I wonder if we shall ever be put into _____Noun_____ or _____Noun_____. We're in one, of course; but I mean: put into _____Noun - Plural_____, you know, told by the _____Location_____, or read out of a great big _____Noun_____ with _____Color_____ and _____Color_____ letters, years and years afterwards. And people will say: "Let's _____Verb - Base Form_____ about Frodo and the _____Noun_____! " And they'll say: "Yes, that's one of my _____Adjective_____ stories. Frodo was very _____Adjective_____. wasn't he, _____Family relationship_____

?" "Yes, my _____Family relationship_____, the _____Adjective - Ends in EST_____ of the hobbits, and that's saying a lot.'"

`It's saying a lot too much,' said Frodo, and he _____Verb - Past Tense_____, a long clear _____Noun_____ from his _____Noun_____. Such a sound had not been heard in those places since _____Full Name of a Person_____ came to _____Location_____. To Sam suddenly it seemed as if all the _____Noun - Plural_____ were listening and the tall _____Noun - Plural_____ leaning over them. But Frodo did not heed them; he _____Verb - Past Tense_____ again. 'Why, Sam,' he said, 'to hear you somehow makes me as _____Adjective_____ as if the story was already written. But you've left out one of the chief _____Noun - Plural_____: Samwise the _____Adjective_____. "I want to hear more about Sam, _____Family relationship_____. Why didn't they put in more of his _____Noun_____, _____Family relationship_____? That's what I like, it makes me _____Verb - Base Form_____. And Frodo wouldn't have got _____Adjective_____ without Sam, would he, _____Family relationship_____? " '

`Now, Mr. Frodo,' said Sam, 'you shouldn't make _____Adjective_____. I was _____Adjective_____. '

`So was I,' said Frodo, 'and so I am.'
