The Proposal Story - Michelle's Shower-Lib

_____Groom_____ surprised _____Bride_____ with a trip to _____Location_____ on . He first took me to the Denver Botanic Gardens to see the _____Adjective_____ flowers, including my absolute favorite ! We had a great time walking around and taking pictures of the colorful plant life. We then went to check-in to a beautiful bed & breakfast, The Castle Marne. We stayed in the Tower Room, which had great views and amazing antiques all over the room.

After checking-in, _____Groom_____ took me to dinner at Washington Park Grill. The food was delicious and the atmosphere was completely romantic, plus he even dressed up! We decided to go back to our amazing room at The Castle Marne to relax for the rest of the night. As we got there, I saw beautiful candles lining each side of the sidewalk. They led up to a small garden right next to the B&B. There were candles and twinkly lights all over the garden! There was an arch covered in roses, and even a mason jar with my favorite daffodils! There was a hand-painted sign with "Lovers Lane", a street that _____Groom_____ found in Manitou Springs one Valentine's Day we celebrated together. He also had our song, "One and Only" by Adele, playing on speakers. He got down on one _____Part of Body_____.... and I said yes! Best part of the proposal? _____Groom_____ hired a secret photographer who captured the entire thing. Check out the pictures in the photo gallery!

The next morning, we met up with his family for brunch at Duo Restaurant. Iavor had told me that it was an Easter brunch, to celebrate the Orthodox Easter, but it was actually a surprise engagement brunch! The food was delicious and we had a great time celebrating with glasses of champagne.
