# Graduation Speech

I feel so proud of our little Noun. I feel like I have Verb - Past Participle here all my life, though I came here last Noun. This Noun is one I will always remember. It is such a Adjective little school. IF I could stay here all my life, I would, but I cant. This is a very very Adjective place and it will always have a Noun in my heart. We all knew this Noun would come, so we Verb - Past Tense our last days, but it still wasn't enough. But, since we only have 4 days left, lets make the Adjective - Superlative of it, right? I love you EVG, goodnight.
