The Dothraki named the comet shierak qiya, the Bleeding Star. The old men muttered that it omened ill, but		
Daenerys Targaryen had seen it first on the night she had Khal Drogo, the night her dragons had		
It is the of my coming, she told herself as she up into		
the night sky with in her heart. The have Adjective it to show me		
the way.		
Yet when she put the thought into words, her handmaid Doreah "That way lies the red lands,		
Khaleesi. A grim place and terrible, the riders say."		
"The way the comet points is the way we must go," Dany insisted though in truth it was the only way open to		
her. She dare not turn north onto the vast ocean of grass they called the Dothraki sea. The first khalasar they met		
would swallow up her ragged band, slaying the warriors and slaving the rest. The lands of the Lamb Men south		
of the river were likewise closed to them. They were too few to defend themselves even against that unwarlike		
folk.
