Chetek

One day Dave Sobek said, "Hey, I'm Adjective. You know who makes good Noun, Joy!" He was right, she does. In fact, people are willing to camp out for food like that!

Meanwhile, at the carpet ball Noun, an argument erupted. It seems that Eli had Noun the ball overhand, when it had been clearly listed in figure 2.86 of the carpteball code that it must be backhand.

Proper Noun was quickly exiled over to the table under the tree dripping sap. To which people said, "that poor sap". You see, they were Verb - Base Form bad for the sap landing on the boy, rather than for the boy himself.
