MAD LIBS - MADLY IN LOVE

When I first saw you my Part of Body felt tingly like a Noun and I heard choirs of Noun - Plural singing "Song Title". You were so Adjective and Adjective it gave me Noun - Plural in my stomach. I said to myself, "Exclamation!" I, of course, first noticed your Adjective body and your Color Facial Feature when I found out you owned a vintage Noun and liked to Hobby - I knew our love was destined to be Adjective. I immediately went to Location and told Name of Friend all about how Adjective you were. He/She said, "Famous Quote," and I agreed.
