Mathis' Little Critter Lib

Once upon a time there was a mommy Critter named KATIE who had a tiny little Critter growing in her Body Parts. When the Adjective baby was finally born, KATIE exclaimed "Movie Quote!" Little MATHIS had a/an Body Part full of Color hair and the cutest little chunky Body Parts. KATIE was overcome with Emotion after he was born. After the first few Time Period MATHIS started to Normal Baby Activity and kept his parents up all night long. After KATIE would calm him down he would Animal Noise and grin. So dang cute! KATIE loved to snuggle little MATHIS in her loving Body Parts. Then she would sing him Favorite Song Title and he would fall asleep. She would always promise to Verb - Base Form and nurture him forever.
