It's not goodbye...

I've had almost eight Adjective Noun - Plural here in the call centers and it has gone by very Adverb. I told myself from the start though that this position was a jumping off Noun to something Adverb. I just didn't know what the something Adverb was. I remember in a Noun once, Ruthie Pants told me I should be an Noun and I laughed and said 'No way.' It was never my intention to ever be an Noun. However, the more I kept looking at once the next step should be the more the Noun job aligned with that I was looking for. So, I guess I Modal have paid Noun to peter pan more and followed the never say never philosophy a bit more.

I will miss Pronoun you all on a daily basis. I really have Verb - Past Participle my time at NCDG.

I've learned a lot, personally and professionally and I could not Verb for more than that. It isn't often you have a job you look forward almost Adjective.

I hope to see you tonight so we can toast to Noun - Plural memories.
