# At the Movies

I just saw "The \_\_\_\_\_ A word describing your lunch Journey," and let me tell you - if you're looking for a movie that makes you feel like \_\_\_\_\_ Something you like to do that ends in - ing, this is the one for you. You'll laugh, you'll cry, you'll even forget all about your upcoming trip to \_\_\_\_\_ A place you really love to go.

The drama begins when a man named \_\_\_\_\_ The first name of your favourite actor decides to give up his current job \_\_\_\_\_ A chore you do not like doing and move to \_\_\_\_\_ The name of where you live to try to make it as a(n) \_\_\_\_\_ What you would like to be when you grow up. After \_\_\_\_\_ The age of the youngest person in your family \_\_\_\_\_ An amount of time, things start looking up when he gets a job babysitting for \_\_\_\_\_ Someone you know who is really funny. The hilarity starts when the two of them decide to build a \_\_\_\_\_ Your favourite vehicle out of \_\_\_\_\_ Something in your room that needs to be thrown out and, amazingly, the thing works!

This movie is better than watching \_\_\_\_\_ A movie you like but do not love but not as good as eating \_\_\_\_\_ A food you could eat forever all day on a tropical beach. My advice: Bring the parents, bring the grandparents, bring the \_\_\_\_\_ An animal you would find in the desert. They'll all say " \_\_\_\_\_ What you say when you get something you really want " or " \_\_\_\_\_ A sound an animal makes " and thank you for recommending this \_\_\_\_\_ A part of your body where you have a freckle or mole film. I can't wait for the sequel: " \_\_\_\_\_ The name of one of your favorite relatives on \_\_\_\_\_ A planet other than earth "!

I give it \_\_\_\_\_ Any number out of 3 pizzas.
