# We need you!

Dear Ms. \_\_\_\_\_ Adjective Sarah and \_\_\_\_\_ Adjective Esme,

Lucas and I really need you on our \_\_\_\_\_ Adjective wedding day. We think out of everyone we know, you both are the ones that know us best. You were there from when we first started dating, to falling in \_\_\_\_\_ Noun and to moving out. One of you even got to watch us having blank! We trust you both the most out of our friends to be our reflection of us on stage that special night. So we are really hoping that you say yes. We promise to make it more fun than work, so will you both take the lead that night and be our masters of ceremony? We love you!

Yes??

Love,

Lucas and Caitlin
