# Madison... Dun Dun Duuuuu

Madison the Adjective dictator, likes Halloween a lot. Today is Halloween and she is going as Justin Bieber. Which is really Adjective. As she was trick-or-treating she got kidnapped by a lot of Noun who loved Justin Bieber. She was missing for more than two hours until she finally convinced the Noun - Plural she wasn't Justin Bieber. When she got home she called the Noun - Plural and they said they couldn't help a Adjective dictator. So she set out to find the Noun and capture them. She chased them with a chain saw until one of the white Noun tripped, like any ol' scary movie. The girl Verb - Base Form her not to kill her, and out of no where Madison started laughing and said " Naw bruh I was just playing, go get cha some candy lil fella". Madison went back Noun and never trick-or-treated in a Justin Bieber costume again!
