# High School Story: Part 1

The \_\_\_\_\_ Number is the place where a \_\_\_\_\_ Number \_\_\_\_\_ Noun - Plural get together and eat piles of \_\_\_\_\_ Food that the \_\_\_\_\_ Adjective \_\_\_\_\_ Animal (plural) drop onto their trays. The jocks and dumb \_\_\_\_\_ Insulting Name Plural (I'd call them \_\_\_\_\_ Insulting Name Plural and \_\_\_\_\_ Insulting Name Plural, but those terms are \_\_\_\_\_ Adjective. But then again, so is the word " \_\_\_\_\_ Noun ".) occupy the \_\_\_\_\_ Number middle \_\_\_\_\_ Plural Furniture, the center of attention. \_\_\_\_\_ Verb - Present ends in ING what everyone needs, a place front and center for all the \_\_\_\_\_ Adjective - Ends in EST people to \_\_\_\_\_ Verb - Base Form them while their \_\_\_\_\_ Part of Body Plural get lower and lower.

The \_\_\_\_\_ Insulting Name Plural and \_\_\_\_\_ Animal (plural) are compiled into one \_\_\_\_\_ Piece of Furniture near the windows, where most of them just graze on bags of \_\_\_\_\_ Food and talk about how much they hate \_\_\_\_\_ Verb - Present ends in ING. This is usually just the \_\_\_\_\_ Animal (plural).

The hipsters, whom I almost hate as much as the \_\_\_\_\_ Noun - Plural and dumb \_\_\_\_\_ Animal (plural), reside at a couple of \_\_\_\_\_ Plural Furniture near the outside of the office. Some of the \_\_\_\_\_ Adjective kids linger over there as well, and have group discussions about things I don't even get, such as the meaning of \_\_\_\_\_ Noun - Plural and the plot lines of different \_\_\_\_\_ Noun - Plural. If I had friends, I would talk about \_\_\_\_\_ Food and \_\_\_\_\_ Food, because food is quite \_\_\_\_\_ Adjective so that could be an \_\_\_\_\_ Adjective conversation.

The

\_\_\_\_\_ Noun - Plural are sprinkled everywhere, in fact, it's too damn confusing so that's all I'm going to say about them.

Then there are those \_\_\_\_\_ Animal (plural) that try to be \_\_\_\_\_ Animal (plural) but fail \_\_\_\_\_ Adverb. I have no legitimate and \_\_\_\_\_ Adjective name for them, so I just call them \_\_\_\_\_ Insulting Name Plural. They usually glare at the \_\_\_\_\_ Insulting Name Plural \_\_\_\_\_ Noun - Plural dumb \_\_\_\_\_ Animal (plural) and \_\_\_\_\_ Verb - Base Form them up, and this results in a few of them \_\_\_\_\_ Verb - Present ends in ING.

Then there's me. I reside at a secluded table in the far corner of the \_\_\_\_\_ Location by the \_\_\_\_\_ Plural Furniture and the \_\_\_\_\_ Plural Furniture to the \_\_\_\_\_ Adjective \_\_\_\_\_ Location, wedged right inbetween \_\_\_\_\_ Number empty tables.

I never eat \_\_\_\_\_ Noun - Plural unless I am pleased with the menu, for instance, if we're \_\_\_\_\_ Verb - Present ends in ING \_\_\_\_\_ Food, hell \_\_\_\_\_ Yes or No I will buy \_\_\_\_\_ Noun - Plural.

I usually just put my \_\_\_\_\_ Part of Body Plural up onto the table and take out an extensive \_\_\_\_\_ Noun and \_\_\_\_\_ Verb - Base Form it for the whole period. No one usually bothers me, so I don't \_\_\_\_\_ Verb - Base Form anyone, and lunch is typically very relaxing.

I was indulged in \_\_\_\_\_ First Name of a Person \_\_\_\_\_ Last Name and the \_\_\_\_\_ Piece of Furniture of \_\_\_\_\_ Liquid when

I hear a Part of Body drop onto the Piece of Furniture behind me, a sound I never hear because my secluded corner is always so quiet and Adjective.

I place my Noun inside my Animal and turn around in my seat and spot the Adjective Insulting Name from Physics sliding into a Animal and placing his Part of Body Plural onto the table. His big brown eyes look Adjective, if I looked that way all the time I'd get Verb - Past Tense to the ground. You can't look Adjective at Location, or you'll get Verb - Past Tense.

Is this kid even in a Location? Everyone falls into a Location when they enter Adjective Location, even the Animal (plural) who get Adjective an Adjective each year.

This kid must've seriously done something bad to have ended up in a Location such as this.

I opened my Part of Body to Verb - Base Form something when I froze up and realized I didn't know this Insulting Name and my social skills aren't exactly Adjective.

"Exclamation..." I uttered. Exclamation. The Insulting Name looked at me Adverb, an Weapon Verb - Past Tense and his Noun tilted.

Exclamation,

even the Adjective new Insulting Name thinks I'm Adjective, and I barley said an entire word. This is a Animal I must Verb - Base Form. I really should lock myself in the Adjective Location and Verb - Base Form myself repeatedly with the Noun.

I clear my throat and with a shaky hand, hold it out. "I'm First Name of a Person. First Name of a Person Last Name. Amd you are?" I nearly cringe after this statement, it was so out of character and Adjective. What the hell is wrong with me?

The Adjective Location sounding nice now.

Then I remembered. "Your name is First Name of a Person right?"

He nods slowly, timidly shaking my hand. I quickly drop mine before it can get Adjective from anxiety.

"Where you from?" There, that's a good conversation starter right?

Exclamation, I don't know. The only time I speak to the Number at school is when they

Exclamation me and I fire back. See, that is what I'm good at. Insulting. Not being a Adjective

Animal.

" Location ." He stuttered. His eyes didn't meet mine and I realize this Insulting Name is just as  
Adjective as I am, maybe even more Adjective. This is his first time at Location, he's  
probably Verb - Present ends in ING on the inside.

I nod and my mouth forms an " Letter ". The conversation ends there when First Name of a Person  
looks down at his Part of Body Plural and I begin gravitating towards my Noun again to use up the  
Number minutes left of Lunch.

The bell rang Adverb, piercing my Part of Body, and I practically flew out of the room, when I  
realized I had another damn Adjective Noun.
