Season's Greetings!!

1. Four Digit Number _____

Season's Greetings!!

Merry Christmas and Happy New Year! We have had a really great _____Four Digit Number_____ and are looking forward to the upcoming year. Kathryn completed graduate school in New York in May and moved in North Carolina. Stephen graduated from his Special Forces Training in June and enjoyed an actual summer vacation. In case you missed it, we got married!! We also took a honeymoon to Tahiti in September. During the summer, Kathryn worked hard on medical school applications and Stephen tried to master an array of computer and video games. Both were successful. In October, Stephen deployed to Afghanistan for six months. Kathryn tended to her new succulent garden and memorized the daily TLC TV schedule. We are looking forward to celebrating the holidays together next year...hopefully. We are so thankful for our family and friends and all the love and support over the past year. See you in 2015!
