How to make the most delicious meal!

One day my friend _____
One day my friend _____ taught me how to make the most _____ meal in only
one minute. However, this meal may contain side effects like, _____, heart disease, brain injuries, and
hair loss. On the bright side,you have all of these ingredients right at _____! These ingredients are
_____ cups of sugar, _____ cups of flour, _____ cups of mud, _____
cups chlorine (from any pool, even your neighbors), 3 cups of dog food, and lots of food dye so it wont look like
throw up, although you could add that in too! Now put all of this in the _____ and it should become a
_____ paste after about _____ seconds. Now just throw the glass part of the _____
with it all inside into the microwave for _____ seconds in order to become _____ like. This
beautiful _____ is now ready for _____ to eat!
