7. Time
8. Past Tense Verb

# How to get a date with a guy in 10 minutes

You found a very Adjective guy sitting in the Drink shop. You go in and sit by the Noun next to him. You order a nice hot Drink and 'accidentally pour it all over him.' You say sorry and give him your Adjective smile! He laughs and says 'hey wanna go Preposition for dinner?' You agree and say Time sharp' and Past tense verb him good bye for the day!
